Gila County, Arizona Redistricting of Supervisor Districts

An Overview of the Process
February, 2011

The consultants

- Two firms will serve as legal and process consultants to the Gila County Redistricting Committee
- Federal Compliance Consulting LLC, Potomac, Maryland
 - Bruce L. Adelson, Esq., CEO
- Research Advisory Services, Inc., Phoenix, Arizona
 - Tony Sissons, President

2

DOJ Expert Bruce Adelson

- Former U. S. Department of Justice Civil Rights Division senior attorney
- Team leader for review of all Arizona redistricting submissions in 2000
- Bruce Adelson will:
 - Examine DOJ files on Gila County
 - Advise on strategy to avoid retrogression
 - Provide an "Insider" view of new DOJ regulations and procedures
 - Advise on the content of Gila County's application for DOJ preclearance

3

Redistricting Expert Tony Sissons

- Has managed 17 successful city and county redistricting processes
- Of those 17 plans:
 - All were precleared by the U. S. Department of Justice on first submission
 - None were ever challenged in court
- Tony Sissons will:
 - Provide technical and procedural assistance to Gila County staff and redistricting committee

4

Why does Gila County have to redistrict?

- U. S. Constitution, under the principle of "one person, one vote" requires that the districts from which we elect representatives be equal in population
- We must redistrict after every decennial census and whenever there is a change in the number of districts

5

Population Issues

- Official state estimate of Gila County population in 2009: 57,204 persons
- Increase of 11.4% since 2000
- Each supervisor district ideal size: 19,068 persons (estimate)
- Measurement includes all persons, regardless of age, eligibility to vote, or citizenship

6

Population Variance

- In the past, district populations could vary as much as 10% without explanation
- Federal court decision in a 2004 Georgia case may have reduced the allowable variance (Larios v. Cox)
- Block-level redistricting allows flexibility to achieve small variance

7

Race and Ethnicity Issues

- To comply with the federal Voting Rights Act, Gila County must draw new districts that have "neither the purpose, nor the effect, of diluting the voting strength of racial, origin, or language minority populations"
- To avoid "retrogression" in minority voting strength, we have to understand the "benchmark" minority proportions that DOJ will be using.

8

Race and Ethnicity Issues

- DOJ looks at the minority proportions that exist today (2010 Census) in the most recently precleared districts, not at the proportions that existed when the districts were drawn
- We won't know those proportions until the 2010 Census data arrives in March, 2011

9

Race and Ethnicity Issues

- In 2000, voting-age minority proportions were:
 - District 1 – 5.94%
 - District 2 – 28.48%
 - District 3 – 47.70%
- None of the districts were "minority-majority", but District 3 was close
- Will population shifts during the decade now require drawing a minority-majority district? The 2010 Census will tell

10

Redistricting Principles

- As a result of laws and court cases, certain common "district design" rules have evolved
- In some circumstances, these rules can conflict with each other
- It is up to the Board of Supervisors to prioritize how they want the "districting principles" applied
- The discussion and adoption of those priorities should be in a public session

11

Common Redistricting Principles -- New districts should:

- Be substantially equal in population
- Not harm minority voting rights

Then always "to the extent practicable"

- Be compact
- Be contiguous
- Preserve communities of interest
- Respect political subdivisions

12

Less Common Principles --

- Districts should preserve the cores of prior districts
- Districts should (or should not) be drawn to protect incumbent elected officials
- Districts should be politically competitive
- Districts should not split existing voting precincts or Census Tracts
- District boundaries should use visible geographic features

13

The Public Involvement Process

- The courts and DOJ want this to be an assertively public process
- The public record should clearly demonstrate that Gila County paid attention to its residents and did not just "give lip-service" to public input

14

Preliminary Studies

- Examine, map and document the physical and demographic makeup of Gila County
- Examine County records and USDOJ files to get a complete picture of the County's preclearance history
- Catalog recent state, county and city election results at the precinct level
 - Voter turnout
 - Race or Ethnicity of candidates
 - Winners' vote margins

15

When the Census Data Arrives

- Determine the population, race and ethnicity values in the current districts
- Determine the size of population shifts necessary to equalize districts
- Determine the minority race proportions in each current district
- Determine the permissible population movements necessary to equalize district populations without diminishing minority voting strength
- Examine the magnitude and extent of any racially-polarized voting

16

Outreach to Community Leaders

- Talk with key community leaders
 - Explain the process
 - Determine their expectations
 - Encourage their participation and leadership
- Develop a contact list of people and organizations suggested by key leaders

17

Prepare Public Information Materials

- Maps illustrating topics examined in the preliminary studies
- Information handouts or booklets describing various aspects of the redistricting process
- Citizen Redistricting Kits
 - Printed booklet of instructions, data and foldout base-maps
 - Interactive redistricting map on the Internet

18

Initial meetings with Supervisors

- Formal "Work-study" session with elected officials
 - Discuss process, legal setting, roles, responsibilities
 - Discuss "districting principles"
 - Obtain Supervisors' direction on priority ranking of districting principles
- Individual Meetings with Board Members and staffs
 - Obtain input on possible or preferred configurations of districts

19

First Round Resident Workshops

- Three meetings, one in each current district
 - 30 minutes to view exhibits, socialize
 - Short presentation on scope, purpose, process, timelines, legal issues
 - Stress that no maps have been drawn yet – that the request for input is genuine
 - Invite citizens to draw their perceptions of "communities of interest" important to them on tracing paper laid over County maps

20

Draw and Publish Alternate Plans

- Analyze plans and community-of-interest maps submitted by citizens
- Prepare 3 or 4 alternate plans, based on:
 - Themes or suggestions from elected officials
 - Recurrent themes heard from open-house participants
 - Maps of districts or communities of interest submitted by citizens
- Publish proposed alternate plans

21

Second Round Resident Workshops

- Three meetings, one in each current district
 - 30 minutes to view exhibits, socialize
 - Short formal presentation
 - Describe features of each plan
 - Stress the extent to which plans incorporate ideas gathered in various public-input settings
 - Describe ways for citizens to register their views, or choices of plans or plan features
- Consultants and staff answer questions

22

Prepare and Publish Final Plan

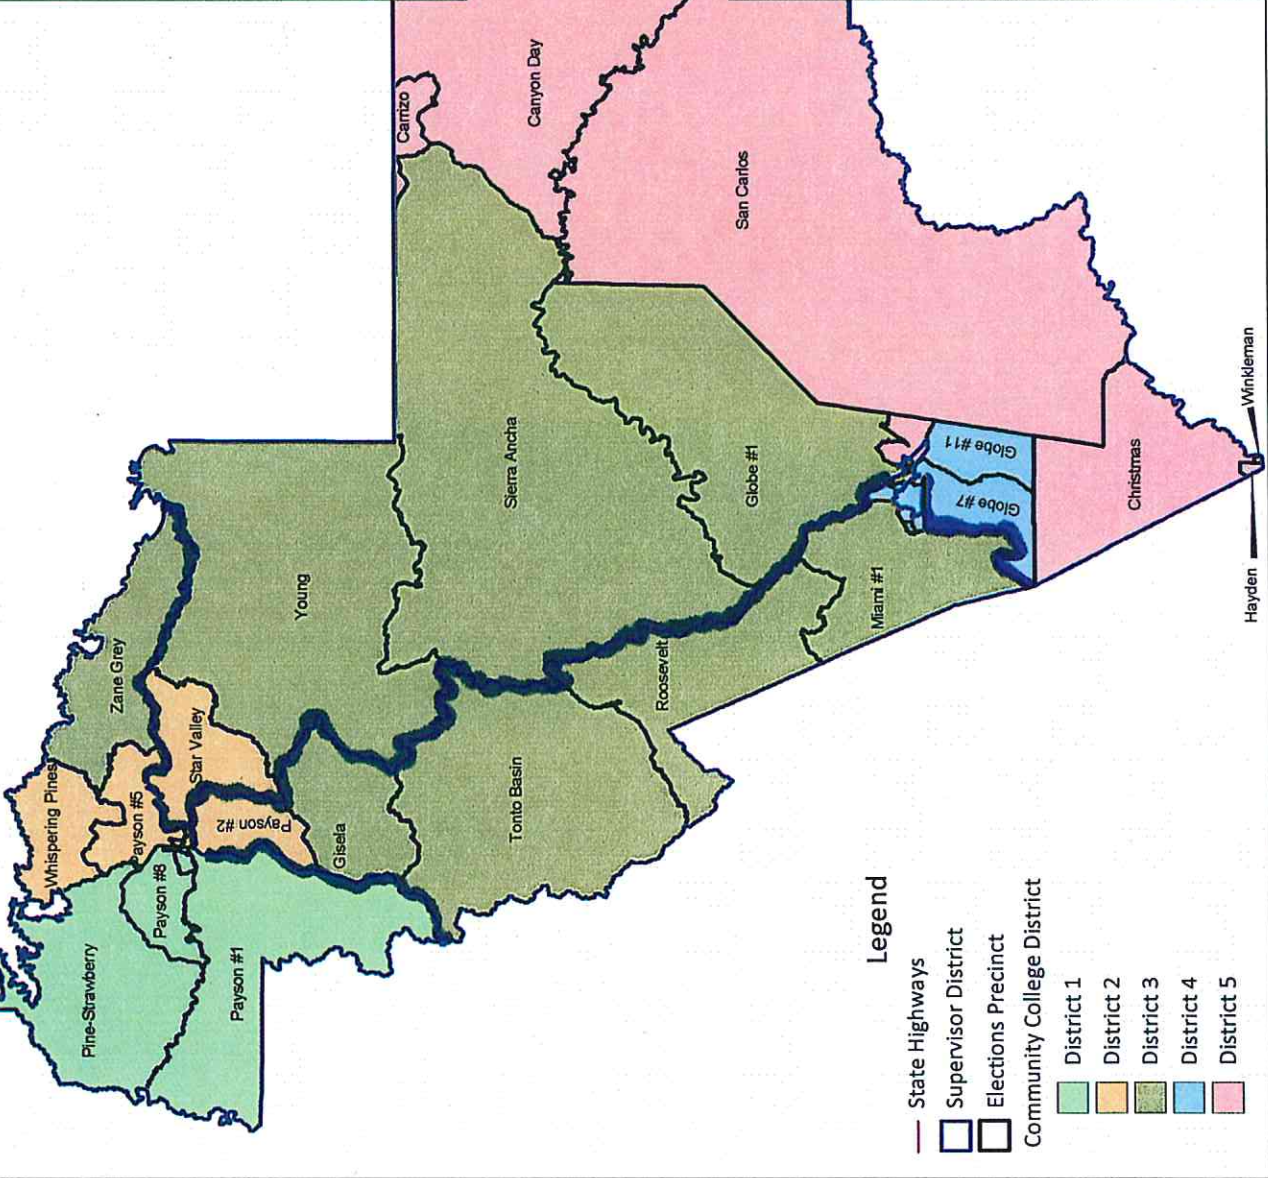

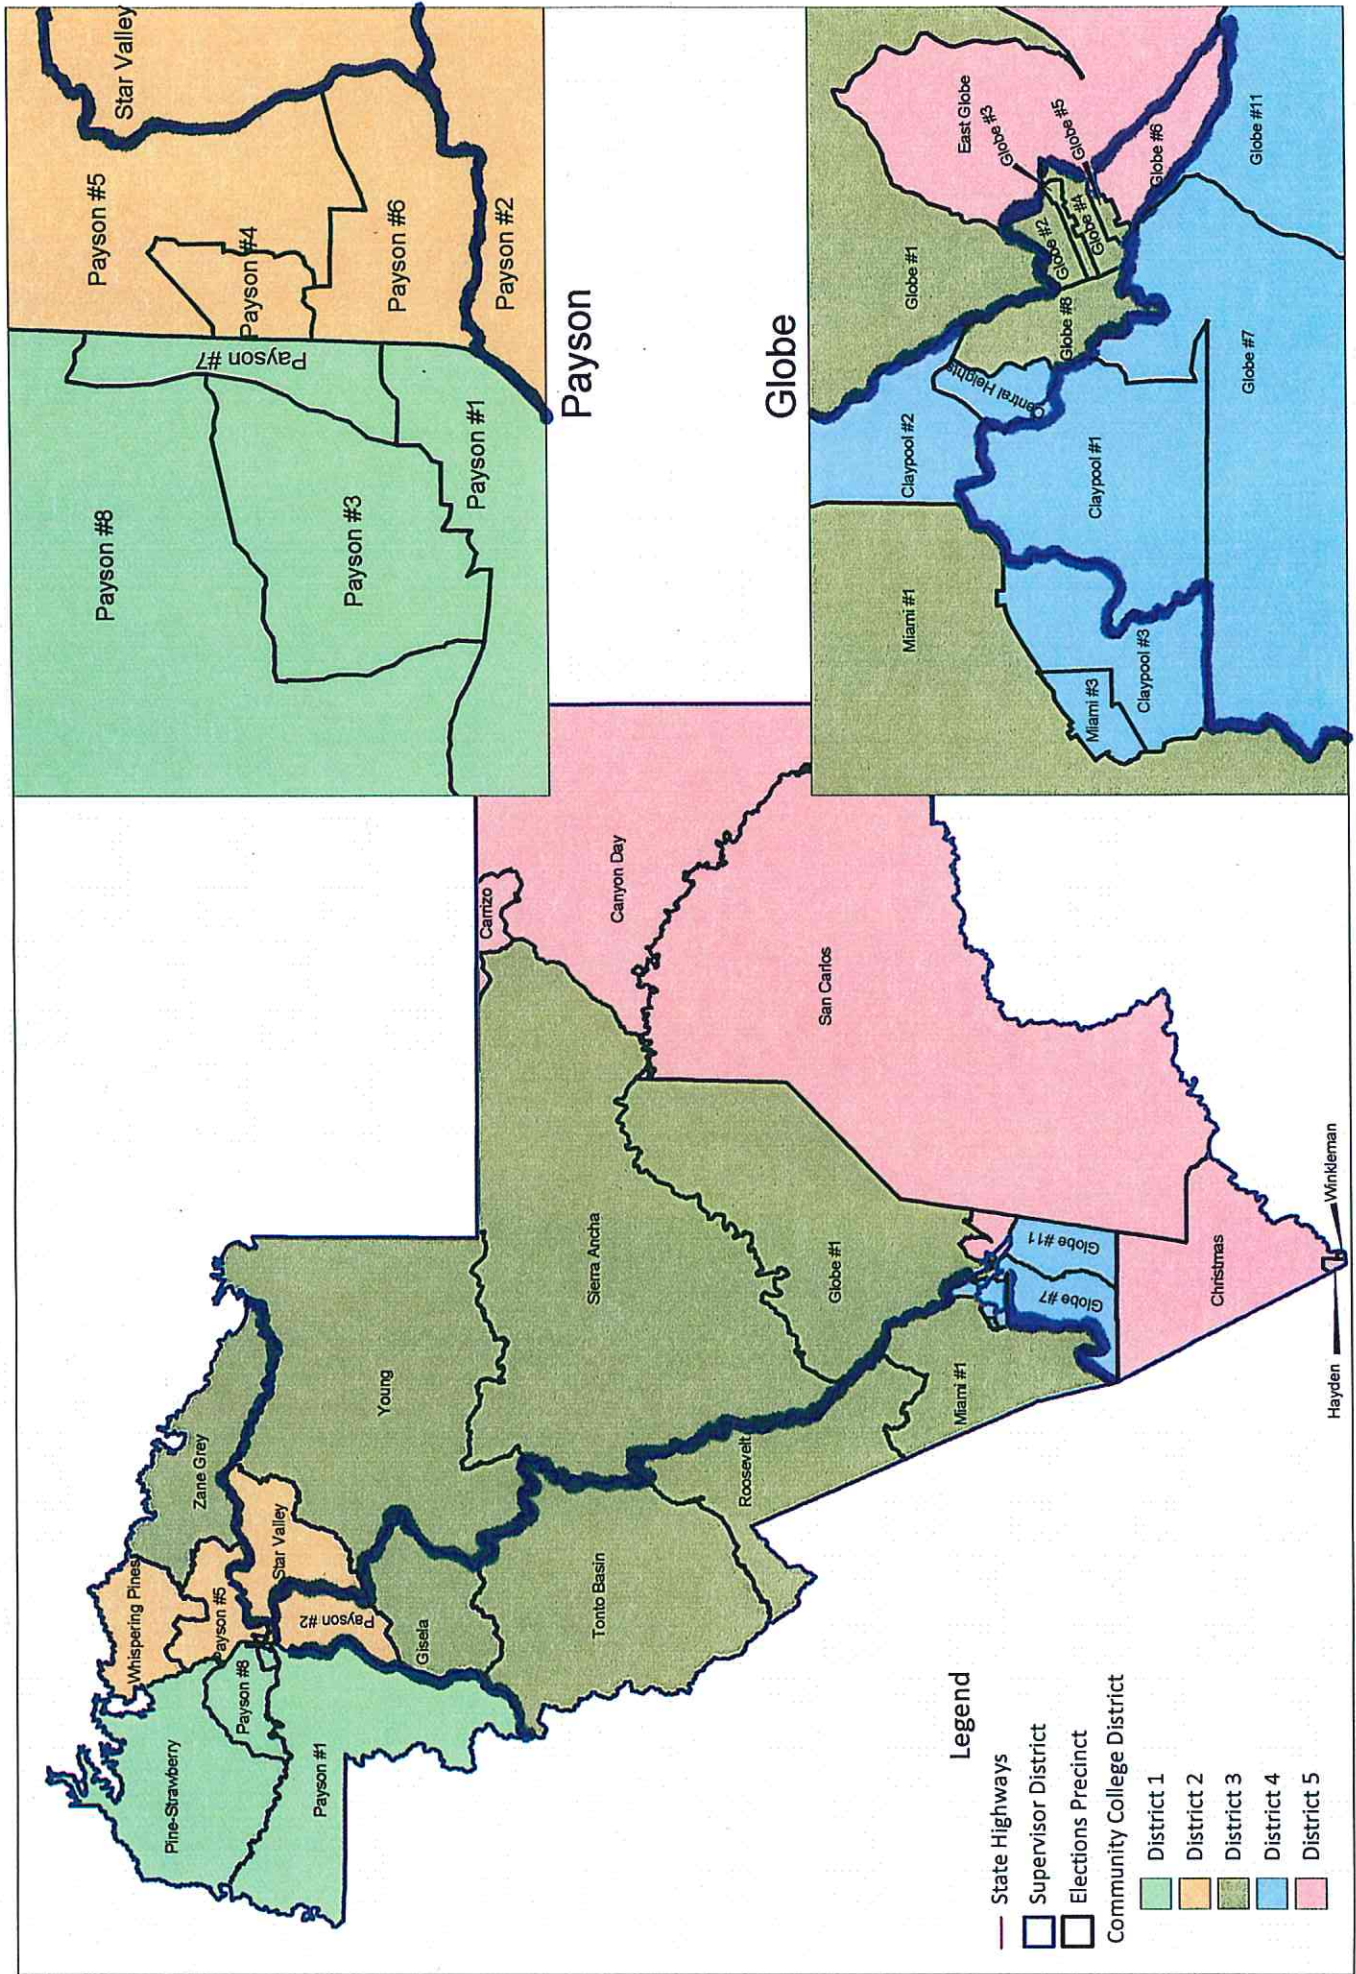

- Consultants will prepare final versions of two or three plans for consideration by the Board of Supervisors
- Plans displayed on County's website and in newspaper ads
- Public invited to send in comments and to attend the plan adoption meeting

23

Adoption of Plan

- Consultants and staff present plans to Board of Supervisors at a meeting held specifically for that purpose
- Consultant team's preclearance expert examines the adopted plan for compliance with new DOJ Section 5 regulations
- Consultants prepare preclearance application files and exhibits requested by the County Attorney

24

**GILA COUNTY
REDISTRICTING ADVISORY COMMITTEE
APPLICATION INFORMATION**

Citizens interested in being considered for selection as a member of the Gila County Redistricting Advisory Committee shall:

1. Address a letter to their County Supervisor which includes information as to:
Why they wish to be considered for the Committee;
What qualifies them to serve on the Committee;
What expertise they bring to the Committee;
Any additional personal information they would like the Board of Supervisors to consider in the selection process.
2. Complete and sign the attached Redistricting Advisory Committee Interest and Self-Disclosure Form.
3. Return the letter and completed form to any one of the following **no later than 12:00 noon, Monday, March 14 , 2011**

Tommie Martin, Supervisor District 1
610 E Highway 260, Payson, AZ 85541

Mike Pastor, Supervisor District 2
1400 E Ash Street, Globe, AZ 85501

Shirley Dawson, Supervisor District 3
1400 E Ash Street, Globe, AZ 85501

Linda Eastlick, Director, Gila County Division of Elections,
1400 E Ash, Street, Globe, AZ 85501

Application Information and Interest and Self-Disclosure Forms are available on the Gila County web site www.gilacountyaz.gov, under "Elections".
