**Subject:** Public Input Summary.xlsx  
**Attachments:** Public Input Summary.xlsx

*In order to ensure compliance with open meeting law, bcc copies have been sent to all members of the Board of Supervisors.*

Attached for your information and review is a summary of comments received during the last two weeks either at the Round Two public meetings or via email/web site, fax, or telephone. We have transcribed the conversations from each of the meetings and have copies of public comment forms submitted should you wish to review the details.

Hopefully you will have an opportunity to review these comments prior to the Board meeting on Tuesday.

Both Bruce and Tony will be at Tuesday's meeting and I would anticipate that we could have lengthy discussions as to how to address the concerns expressed by the public. I also would anticipate a number of members of the public to be present at the meeting.

*Linda Eastlick, Director  
Gila County Department of Elections

**GILA COUNTY REDISTRICTING  
PUBLIC INPUT SUMMARY**

Time	Method*	Last	First	Address	Telephone	Email	Comments
/11 g	P	Jones	Miriam	8154 E Winchester Dr, Globe, AZ 85505	928.425.4532	miriamsjones@hotmail.com	Asked what it means when we say it will affect a certain amount of voters. Does it mean I won't be able to vote for my supervisor that I voted for last time ? Explained that could be the case.
/11 g	P	Pearce	Linda	P. O. Box 52, Claypool, AZ 85532	928.425.5333		Plan C has lowest deviation and least amount of change, but the Tonto Apache are not placed in District 3. Thinks Plan B is the worst because Claypool, Central Heights and Globe 8 are put in District 3. Seems like these changes don't belong. Seems like people who live on East side of Globe which borders on District 3 should be included in District 3. Thinks Plan A is the worst. Plan A has the highest deviation and she does not see why DOJ would accept that one over others that have less deviation. Pointed out District 1 still has the highest number of people and District 3 has fewer than it did before whereas District 2 had the fewest before. Plan C is the one that meets all the requirements if you could just get the Tonto Apaches in where they want to be.
/11 g	P	ShIPLEY	Fernando	617 Andrea Circle, Miami, AZ 85539	928.425.7656	fernando.shipley.j4g@stat efarm.com	Prefers Plan C. Least amount of change and least deviation. Feels it would keep us in line with current representation. "Plan C best meets the needs of Gila County."
/11 g	P	Humphrey	Tim		928.425.8120 928.701.1455		Likes Plan C. Change is to give District 2 more vote. Plan C has the least amount of change and would be less work for the County in moving voters from one district to another.
/11	T	ShIPLEY	Fernando	617 Andrea Circle, Miami, AZ 85539	928.425.7656	fernando.shipley.j4g@stat efarm.com	Concerned about the Tonto Apache map. Feels that Latinos will lose their voice in District 3 and that the removal of so many Latino residents would harm their ability to elect candidates of choice in District 3.

**GILA COUNTY REDISTRICTING  
PUBLIC INPUT SUMMARY**

Time	Method*	Last	First	Address	Telephone	Email	Comments
7/11 ) i ing	P	Dye	Shirley	1107 S Deer Born Dr, Payson, AZ 85541	928.468.1131	shirleyujest@npgcable.com	Supports Draft Plan D and prefers college draft plan #1. Believes it strengthens the Latino vote in District 2 and the Native American vote in District 3 because it moves all the Native Americans into District 3 and all the Latinos into District 2. Believes the Latinos in Hayden, Winkelman, Christmas and Miami have more in common with the rest of Globe. Also believes the mining areas should be joined in Hayden, Winkelman and Globe, Miami. Believes they "have way more in common with those people than they do with the Native Americans. Referred to Gisela and the Tonto Apache stating they say it is part of their original homeland and there are a lot of Native Americans still there, so they should be joined because they have way more in common with the White Mountain and San Carlos Apaches in District 3. Native Americans and Latinos have different languages and cultures and should be identified as distinct minorities rather than being lumped together for numbers sake. Native Americans would not be split into two districts. Latinos would not be split into two districts. Should strengthen voting ability of both minorities. Improper to lump them together unless proven they consistently vote together. Also, District 2 and 3 would then become more competitive. Does not believe Plan A was tweaked right. Believes College Plan #3 is crazy and chopped up. College Plan #1 is way more contiguous and compact like the law requires.

PUBLIC INPUT SUMMARY**

Time	Method*	Last	First	Address	Telephone	Email	Comments
7/11 on ing	P	Rodriguez	Laido	843 S Highland Dr Globe, AZ 85541	928.473.3172		Concerned about Shirley Dye's presentation on plans. Feels speaker was confused or misled as to what the Committee looked at or how redistricting was looked at. Believes she wants to segregate various races into certain areas and that's not our job. Our job is to make sure that everybody has a vote to be able to vote the person that they want into office; not segregating one district into another district. We don't know if Hispanics are going to continue to live in this area. They can spread out throughout the County and start moving. As he heard Shirley Dye's speech he said it sounds like she's trying to segregate the whole County between the Apaches, Hispanics, and Anglos. Ms Dye responded that lumping them (the Hispanics and the Apaches) as one majority minority with their cultural differences and their language differences is counter to what the Civil Rights Act says because they are too distinct. Segregation never crossed her mind.
7/11 on ng	P	Ward	Curtis	110 N Mogollon Trail, Payson, AZ 85541	928.468.3753		Wanted to know if the lawsuit filed by Attorney General Horn against the Justice Department is going to affect Gila County. Staff responded that the lawsuit will probably be years in resolution and if the law is changed, it will be at the end of that lawsuit. It will not affect anything that anyone in the State of Arizona is doing at the present time.

**GILA COUNTY REDISTRICTING

/11 on ng	P	Morgan	Peter	P. O. Box 1947, Payson, AZ 85547	928.978.0617		<p>Wanted to know if all of this effort by elected officials and Gila County property tax payers from the north 1/2 of Gila County will finally bring forth another County supervisor, giving the north equal voting power. Seems to him that we need another supervisor representing the north so could have two in the north and two in the south. Staff explained State Statute requires either three or five supervisors and that there is currently no provision for a county the size of Gila County to go to five supervisors. Then wanted to know how any of these maps affect a more fair vote with three supervisors than we have seen in the past. Staff responded we think what you're asking is how does someone else become supervisor form the north, and that's totally dependent upon the citizens from the north and who runs for office. Then he wanted to know if we have one vote from the north and two votes from the south how do we make that fair. Staff responded that question couldn't be answered because there isn't an answer. People who run for office are to represent all the people in their district and in the county. If you have a particular issue you should talk to your board member. Further stated his issue is honesty and integrity and he doesn't see it.</p>

/11 on ng	P	Dalby	Bob	1104 S Milk Ranch Point, Payson, AZ 85541	928.472.7979	bobdalbyre@msn.com	Wanted to know how the supervisors will decide which map to forward to DOJ and do public comments make difference. Does the Board currently have a preference. Asked if the supervisors could send more than one plan to DOJ. Wanted to know if comments will be submitted to DOJ. Elections staff responded Only one plan can be submitted and comments will be submitted to DOJ. There is no current preference as to which plan to adopt. As far as how they make their decision, cannot speak for any member of the Board in any way specifically. They will evaluate the mapping alternatives. They will evaluate ideas that come from the public. They will evaluate what the consultants say. They will evaluate what the numbers tell them since we do have to comply with the Voting Rights Act.

**GILA COUNTY REDISTRICTING

Time	Method*	Last	First	Address	Telephone	Email	Comments
/11 on ng	P	Harrison	Christine	612 N Grapevine Dr, Payson, AZ 85541	928.468.1983	cwailand@npgcable.com	Believes Plan D gets a little closer to addressing some of the demographic shifts that have been going on in the County yet she understands there are issues with some of the statistical analyses that have to do with retrogression and wanted to know what could be done to work through the retrogression issues. She believes it is a very good plan and she would like to see it considered for its value and not just discounted because of the statistical problems. Elections staff explained retrogression for the audience and the fact that we are prohibited from reducing the minority voting strength in District 3 in any significant way. Discussed the fact that there are ways it could be resolved such as Plan A. The supervisors will be considering the Tonto Apache input as well as input from the City of Globe, the Mayor of Globe, who is very concerned about dilution of minority voting strength, and other public comment. They will evaluate a lot of different factors and perhaps some other alternatives for the way things could be done. Likes College Plan 1. Is somewhat concerned about the population deviation being too high.

11 on ng	P	Dye	Shirley	1107 S Deer Born Dr, Payson, AZ 85541	928.468.1131	shirleyujest@npgcableone.com	<p>Prefers the Tonto Tribe Plan D and Community College District #1. Wanted to know if Plan A could be tweaked at the BOS work session on September 20. Mentioned she had made the same presentation at the Tonto Basin public meeting and got shot down, but wanted to run it by this audience. Feels Plan D makes the Democrats and Republicans more even in District 3 so it could be a swing district whereas now it is a Democratic district. If it is changed they would have a chance of voting for a candidate that would more readily represent both the north and south. Just because they used a mixed minority 10 years ago without the same communities of interest, the same culture, and the same language, that is really not right and does that mean that you can't make it right by letting these people (the Hispanics) be with the people that they usually vote with and letting the Native Americans be with who they vote with.</p>

/11 n ng	P	Feezor	Mac	828 W Longhorn Road, Payson, AZ 855401	928.472.2449	mac-feezor@msn.com	Wanted to know if we had found any case law regarding minorities "self-selecting" to reduce the total minority concentration and whether we had yet heard a definite answer from Hayden/Winkelman area. Staff responded that no, we had not seen any case law and that the meeting in Hayden/Winkelman was scheduled for the next Monday. We do have the Federal Register which provides us the laws the DOJ will use to review our plans. Pointed out that in fact there are some revisions that were published in the Spring of this year that are very specific with regard to reduction of minority voting strength. Mr. Feezor still believes that by strengthening each minority in it's own district that should be OK as long as the minorities are agreeable. Stated that the County had received no input from the other Tribal Councils as to whether they were in agreement with the Tonto Apache or not. Stated that one of the Tribal attorneys made a statement that he did not understand why we would split the Hispanic and Native American populations.
/11 n ng	P	Miller	Kathleen	818 N Blue Spruce Circle, Payson, AZ 85541	928.951.3717	kdm@pobox.com	Wanted to know if when things are sent to the DOJ are comments allowed in the process of sending or do they just get the maps and the statistics. Elections staff noted that all comments that are submitted will go in as a part of the submission

'11 n g	P	Dye	Shirley	1107 S Deer Born Dr, Payson, AZ 85541	928.468.1131	shirleyujest@npgcableone.com	Wanted to know if "they" could send a different map to DOJ with a public write-up about it based on the issues they are concerned about. Elections staff responded that the board of supervisors has the responsibility and the authority to make the submission and any public comments made will be included with their submission. Only one submission can be made. Ms. Dye then wanted to know if we could tweak a plan for the Board to review at their meeting on 9/20. Staff responded that the Board will be taking comments but if citizens wanted to discuss tweaking with individual board members they could call them.
'11 n g	P	Gartner	Nancy	706 S Country Club Lane, Payson, AZ 85541	928.474.4627	gng_gartner@npgcable.com	Wanted to know why we do redistricting if we are not going to reflect changes in population to represent the true current population. Gerrymandering seems to misrepresent true population. Elections staff stated that we actually are doing it to reflect changes in population. Pointed out the statistics in one of the maps which show how the population is being divided and that what the northern population is depends on what you call north. Ms. Gartner questioned why we were not equalizing minorities. Staff explained that the other requirement was not equalization of minorities, but rather the fact that we cannot reduce the current population of minorities within a current district and that those numbers are reflected in the voting age statistics.
'11 n g	P	Stephenson	Larry	840 S Moodlight Dr, Star Valley, AZ 85541	602.690.0057	lstephe739@aol.com	Thinks all three of the community college district maps are viable alternatives and he would feel comfortable with any of the three.
'11 n g	P	Salwitz	Georgia	2003 Fairway Avenue, Payson, AZ 85541	928.474.5079	georgiasalwitz@yahoo.com	Seems that districting representation should be based on total population divided by the number of representatives.

**Subject:** Mapping Concerns

Hi Linda:

Mayor Shipley called me. He said that he went to Tuesday's meeting to express concerns and preferences about the BOS maps.

He told me that he is concerned about the Tonto Apache map. He said that with this map, he is concerned that Latinos will lose their voice in District 3 and that the removal of so many Latino residents would harm their ability to elect candidates of choice in District 3.

This is very important information for Gila County and for the BOS. It is also part of the redistricting record for DOJ.

Sincerely,

Bruce L. Adelson, Esq.

Your comments about the redistricting plan alternatives:

We support Draft Plan D for implementation. We believe  
this plan is the most fair for for all voter groups, including  
Native Americans. Furthermore, Draft Plan D makes  
relatively few changes in the current boundaries of the  
districts, reducing confusion caused by the changes.

**To:** Martin, Tommie  
**Subject:** Community College Redistricting

Supervisor Martin,

I do not favor Plan # 3 in the redistricting of the community college districts for two reasons.

1. As presented, plan 3 takes away from the north and transfers more power to the mid section of the county. We should be getting more representation to reflect the greater population, not less.
2. I believe representatives should live among the people they represent. I currently do that, but if plan 3 is chosen, district 1 will represent people in the mid to far south of the county. Not the best situation when plan 1 or 2 would better accomplish the needed northern representation.

Thanks

Tom Loeffler

Your comments about the redistricting plan alternatives:

My comments are regarding the community college plan # 3.

A representative should be represent people who he lives close to and shares their concerns.

Currently, district 1 covers a large part of the northern part of the county.

Plan 3 takes away a portion of the Payson area and has district 1  
representing people in the mid section of the county where I have very little  
contact with those people. Currently, the northern part of the county  
does not have fair representation and plan 3 just makes it more  
unfair. Plan # 1 or # 2 does a better job of representing the  
population numbers and the geographic locations of same.

**Cc:** Martin, Tommie; Fisher, Pam  
**Subject:** College District Draft Plan 3  
**Attachments:** doc00085920110915083641.pdf

Thank you for your email comments. I did in fact receive them from Supervisor Martin this morning.

This morning you stated your belief that there had been significant changes to College Plan 3 and that it was nothing like what the Committee submitted to the Board. You suggested that in the map submitted by the Committee District 3 did not come up around the top of the map over into Pine Strawberry and that District 1 did not come down and pick-up the Tonto Basin and top of Roosevelt areas.

I have attached three maps which follow the progress of this particular mapping alternative.

The first map, "Changes Proposed to Gila County College Districts by Tom Moody", was the original map submitted.

The second map, "Proposed Changes to Gila County CC Districts by Tom Moody, Plan tjm06 RAS Adjustment" was the map submitted by the Redistricting Committee to the Board of Supervisors.

The third map, "Gila County Community College Districts Draft Plan 3 is the map under consideration by the Board of Supervisors at the present time.

As you can see from the first map, to the map submitted to the Board by the Redistricting Committee, to the map currently under consideration, District 3 does in fact come up around the top of the map over into Pine Strawberry and District 1 does in fact come down and pick-up the Tonto Basin and the top of the Roosevelt area.

The only major changes were in the Hayden/Winkelman area at the far southern end of the County.

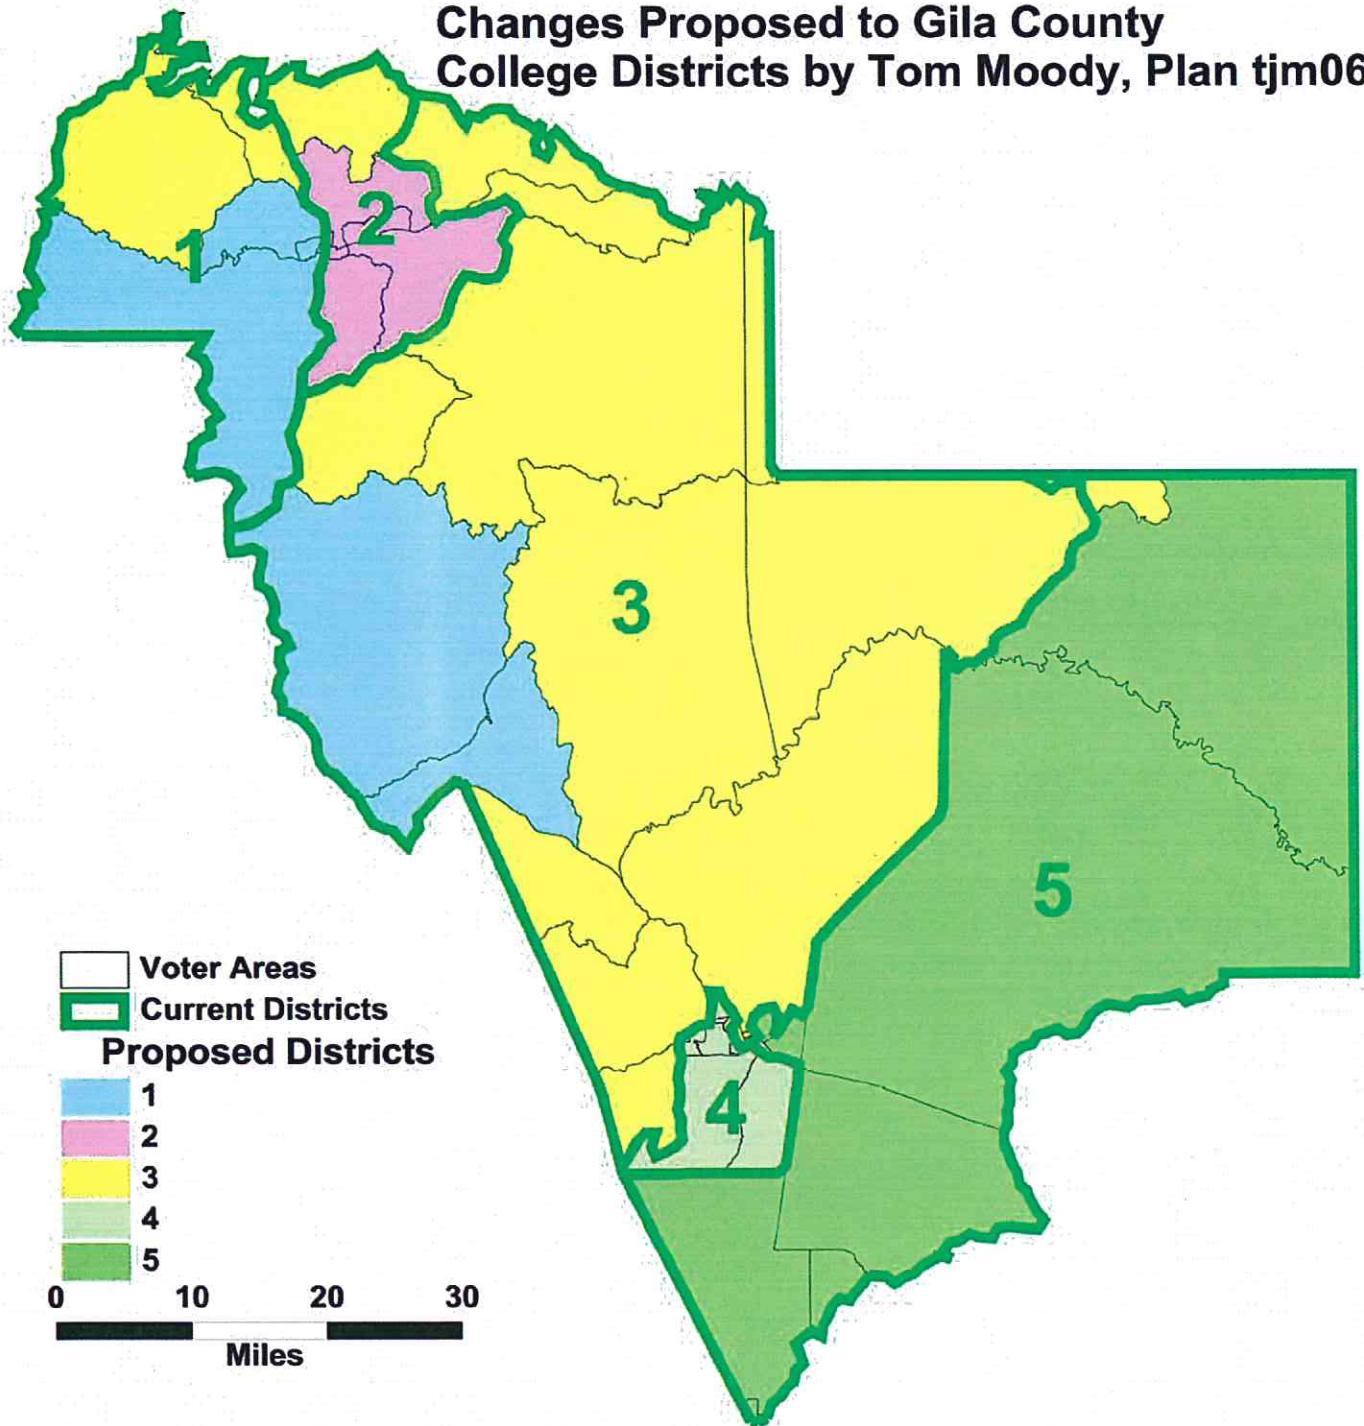

I hope this information answers your questions and concerns.

# GILA COUNTY REDISTRICTING PUBLIC INPUT MEETING

## PUBLIC COMMENT/QUESTION FORM

Thank you for attending today's Redistricting Public Input Meeting

We encourage the public to ask questions and/or let us know their thoughts about mapping of the Supervisor or College Districts or about the Redistricting process in general

In order for the record to properly reflect the speaker's name, address and subject matter, citizens who wish to ask questions or make comments shall complete the information below and submit this form to David Rogers at the meeting

Speakers will be limited to three (3) minutes each and County Staff reserves the right to limit the length of the Public Comment period.

No official action will be taken at this Public Meeting by any members of the Gila County Board of Supervisors or Elections Staff who may be present at the meeting; however, they may answer questions or respond to criticism.

Date 9/12/11 Your Name Elaine M. Chilson  
Your mailing address P.O. Box 23 Wenden, AZ, 85192  
Your e-mail address WellingtonStudio@msn.com  
Your phone number 520-356-6318

Questions, comments, or brief description of the subject to be addressed:

I support plan "C" It leaves us  
where we are -
